FAQ

---

I'm thinking maybe it's because I updated the firmware, now I've got version 1014.

I am so used to not having trouble with that! I forgot completely Now I can't make it region free, I tried the Hack in this site but it won't work FOR ME.. I've got lots of DVDs I can't play on my new Home Theatre!! Thanks in advance Samsung Bd C6500 Firmware.

Hello to everyone!!I've recently bought a SAMSUNG HT-C6500 It sounds fnatastic, but I didn't have in mind back in the US hen I bought the region issue.. I can't make it play PAL DVDs either (don't know if it's because of the region thing because I get a different message on the screen).. 1 of the firmware (I'm region 1 NTSC) Does anyone know how to downgrade it again to the oriignal firmware? Is that even possible?Any kind of help regarding this unit would be REALLY appreciated.
